The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

VISION

- DRIEMS fosters a vision of educational transformation in keeping pace with the times.
- It emphasizes on a symbiotic relationship between the students, faculties, academic curricula and industries.
- This young institution offers a holistic approach to technical education, personality development and social skills.
- The challenge of the day is to tune oneself to the socio-economic, cultural and educational need of the world and to think globally; DRIEMS understands this national responsibility and works in generating a pool of talented and industry ready budding engineers who can muddle through the emerging issues confronting the 21st century.

MISSION

- To silhouette into a learning community where members work, listen and respect each other.
- To encourage and facilitate faculty, researchers and students to work synergistically across discipline boundaries.
- To infuse a sense of excitement in students for innovation, invention & design entrepreneurship.
- To develop and pursue curricula those are dynamic, flexible and holistically designed to facilitate inspirational and cognitive thinking.
- To strive for productive partnership between the industry and the Institute.

6.2 Does the Institution has a management Information System

Yes. The Institute has developed user-friendly Management System Software to easily manage and cater the needs of all departments & thereby functions of whole college. This enables to easily manage students, faculty members, staff and several other activities. All the functions like students enquiries, timetable, digital library (NPTEL & e-resources), attendance and examination (online quiz & assignments) can be fed in and can be retrieved any time at the click of the button. MIS plays a vital role to provide all information regarding students, parents, faculty members and staff.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

As an affiliated College, the Institution follows Biju Patnaik University of Technology University curriculum. Through the institute conducts a meeting with Internal and external experts from academia and experts from Industry and Alumni periodically for enriching the curriculum.

6.3.2 Teaching and Learning

The institute has adopted SMART classrooms, MOOCS spoken tutorial classes, NPTEL, NCTEL classes and LCD projectors for quality improvement.

6.3.3 Examination and Evaluation

Continuous evaluation using assignments, quiz, class test, group discussions, presentation, case studies and sessional exams is to improve the quality.

6.3.4 Research and Development

- The **Research and Development Cell** is established with an objective of promoting research by students and the faculty members in newly emerging and challenging areas of Engineering, Technology, Science and Humanities. R&D Cell encourages the faculty members and students for sending research proposals and receiving funds from various research bodies.
- Faculty provided with On – Duty, Registration fee refunds for participating in conference, FDP, Seminars etc.
- Encouraging faculty to organize, attend and present papers at state/national/international conferences and seminars.
- Faculty members and students are motivated to publish their research papers in reputed national and international journals / conferences. Faculty members are guiding the students to do grant-in aid research under student project scheme. Experts from reputed institutions are invited for R & D related interactions. The project proposals are usually examined and evaluated by the Project scrutinizing committee before they get sent to the funding agency.

6.3.5 Library, ICT and physical infrastructure / instrumentation

- Laboratories are updated with modern and advanced tools. Library is fully computerized are updated with latest software facility, barcode based user authentication etc.
- ICT based instruments and computers.

WEAKNESSES

1. Industry Institution Interaction needs to be strengthened further.
2. Faculties with industrial experience are less in number.
3. The Institute being affiliated to a University does not have free hand to upgrade the prescribed curriculum.
4. Consultancy and extension activities need improvement.
5. GATE-qualified students are not joining our PG courses, due to lack of assistance ship. However, we provide scholarship to non-GATE students who are taking admission in DRIEMS.

OPPORTUNITIES

1. Being situated in the vicinity of Industrial areas and major cities, the Institute has huge scope to flare in Industry-Institute participation.

2. Can expand activities in social / rural sectors.
3. No limitation of land and space for opening new courses.

CHALLENGES

1. Coping with rapid changing in technology and the industrial requirements to improve the employability of the students are the biggest challenge for an Institution affiliated to a University.
2. Unpredictable and declining quality of students may exert pressure on the teachers.
3. Students from different language groups and different state boards continue their studies here. It is a challenge to uplift their standard of communication in a common professional language.
4. Declining supply of quality faculty, doctorates as well as exposing the teaching faculty to the Industrial scenario and get them trained in an industry is another challenge.
5. As it is a rural based Institute, we provide all urban facilities to our students.

8. Plans of institution for next year

IQAC decided to :

- Augmentation of Research and Paper publications in each department.
- Conducting more numbers of seminars and workshops by inviting industry professionals and academic experts.
- Increase in interaction with stakeholders e.g. Parents & Guardians, Students, Alumni, Industry professionals.
- Thrust on conducting value based training programs for faculty, staff and students including refreshers courses.
- Conducting more campus drives.
- Grooming students for entrepreneurship.
- Thrust on conducting Industrial visits for students.
